About us

Let me tell you, we are the ones in Solutions Media and Advertising Company We started in 2022 AD. We worked with more than one Najah partner, and we were able to achieve the goals of each business with us. We are currently expanding and ready to receive Najah partners at the beginning of the year 2024.

We receive the business from A_Z, until we reach the specified rank and growth

◆ Why did we choose the name Solutions?!

Creating a solution to the problems you face in digital is something that is not easy and is very expensive. We have tended to apply all the problems of growth and digitalization to our brand, so that we can reach, with every success partner, the maximum benefit from the brand.
